Conference Dinner at the City Hall

Venue

We are delighted to be hosting the 10th CABS meeting in the vibrant city of Sheffield' South Yorkshire. With its two universities, it has a world-class reputation for teaching and research, and the city is one of the UK's greenest, and also one of the most lively. Although England's 5th largest city, it is compact and easy to get around with plenty of good accommodation at affordable prices at walking distance from the conference venue and social events. A trip to Sheffield would not be complete without a trip to the nearby Peak District National Park, Britain's first national park, established in 1951, a must for any walkers, cyclists, cavers, climbers or simply anyone who enjoys exploring the English countryside. From wild moorlands, through limestone dales, bustling market towns and pretty villages, the Peak District is an area of amazing variety and contrast.

If you have time we would highly recommend a visit at the end or beginning of your stay.

Of course Sheffield was once famous throughout the world for the manufacture of steel, much of which was made into cutlery, and the meeting will be held at the magnificent Cutlers' Hall. The Cutlers' Hall, built 1832, is a Grade II listed building and will make a superb setting for this meeting. Situated in Sheffield's city centre the Hall is within easy walking distance of a wide range of accommodation options. The venue is also within easy reach of rail, coach and bus stations.

Cutlers Hall*

Accommodation

There is a wide variety of good quality accommodation within a short walking distance of the conference venue, all at very reasonable prices.

A number of hotels offer a discount for delegates attending the meeting. There is a list and map showing hotel locations and prices on the conference website.

Travel

By air: There are three airports within easy reach of Sheffield (approx 1 hour travelling time), Manchester, Leeds Bradford and East Midlands.

London Heathrow and London Gatwick are also accessible by train with just one change in London.

By rail: Sheffield Station is a 15-minute walk from Cutlers' Hall and most hotels are also within walking distance (or take a short taxi ride if you are carrying luggage).

The journey from London takes approximately 2.5 hours, while Manchester, Leeds and Birmingham are around 1 hour.

Exhibition and sponsorship

Exhibition and sponsorship opportunities are available. Please contact the Secretariat for further information.

Dates to remember

- 1 March 2010** Abstract submission opens
Registration opens
- 18 June 2010** Deadline for abstracts
- 2 July 2010** Deadline for early registration

CANCER & BONE
SOCIETY

10th International Conference Cancer-Induced Bone Disease

22–25 September 2010
Sheffield, UK

Announcement and Call for Abstracts

Abstract deadline: 18 June 2010
Early bird registration deadline: 2 July 2010

www.cancerandbonesociety.org

Dear Colleagues

It is our pleasure to invite you to the 10th International Conference on Cancer-Induced Bone Disease, to be held 22–25 September 2010 in the vibrant city of Sheffield, United Kingdom.

Despite exciting recent advances there is still much to discover about the effects of cancers and cancer treatments on bone and mineral homeostasis. The Conference will bring together leading clinicians and researchers with expertise in bone metastases and bone and cancer cell biology, and will include presentations by internationally known experts, and oral and poster presentations by authors selected from submitted abstracts.

Sheffield is England's 5th largest city, and with its two universities has been voted the UK's most popular student destination. It has a vibrant and diverse social scene, and at the same time is one of the UK's greenest cities, with one third of the city lying within the Peak District National Park. Transport links are good and there is a choice of international airports within an hour of the city.

We look forward to welcoming you to Sheffield in September 2010!

Local Organisers:

Peter Croucher (Chair)/Janet Brown/Robert Coleman/Ingunn Holen

Organisers

Cancer and Bone Society

In association with:

Bone and Cancer Foundation

Scientific programme

Providing an international forum to present and discuss current basic and clinical science in the rapidly advancing field of skeletal complications of cancer, CABS meetings are premier international scientific events.

Key topics

Topics are expected to include:

- Osteoporosis in cancer survivors
- Stem cell niche and bone metastases
- Breast cancer
- Prostate cancer
- Myeloma
- Bisphosphonates
- Radiopharmaceuticals
- Mechanisms of bone pain
- Imaging
- Radiation therapy
- Novel therapies for bone disease
- Bone markers
- Bone biology
- Cell signalling
- Clinical trials
- Animal models

Who should attend?

Attendees are expected to include:

- Basic Scientists
- Clinical Researchers
- Endocrinologists
- Haematologists
- Oncologists
- Orthopaedic Surgeons
- Urologists
- Industry Representatives
- Nurses and other Professions Allied to Medicine

Continuing Medical Education (CME)

Accreditation will be sought from the European Accreditation Council for Continuing Medical Education (EACCME). EACCME credits are recognised by the American Medical Association.

Learning objectives

Participants will enhance their understanding of:

- the importance of both the physical and cellular bone microenvironment and the hematopoietic stem cell niche in supporting the growth of metastatic cancer cells
- the role of cancer stem cells and hematopoietic stem cells in the metastatic process
- the current state of the field of genomics and proteomics as applied to bone metastasis
- the efficacy of new therapeutic agents and imaging techniques for bone cancers and bone metastasis
- the consequences of tumour cells on the skeleton

Call for abstracts

Abstracts on the themes of the conference are invited. We welcome both scientific and clinical submissions. Please use the on-line form accessible on the conference website: www.cancerandbonesociety.org

Submitted abstracts will be selected for oral and poster presentation and authors will be notified in July 2010. Abstracts will be published in *Bone*.

The final programme will be available on the conference website from July 2010.

Deadline for abstracts: Friday 18 June 2010.

Awards

A number of New Investigator Awards will be given to eligible authors. Please indicate on the abstract form if you are eligible and would like to be considered for one of these prizes.

Registration

Earlybird registration discount ends 2 July!

Registration is on-line at: www.cancerandbonesociety.org

	Earlybird registration (to 2 July 2010)	(from 2 July 2010)
Full fee	£330	£380
Reduced fee*	£200	£250
Accompanying persons	£80	£120

*Reduced fee can be paid by students (PhD students, undergraduates), Junior Post Docs (within 3 years of PhD), residents, fellows, and allied health professionals.

Included in the registration fee (full participants):

- Attendance at all scientific sessions and commercial exhibition
- Programme and abstract book
- All refreshment breaks, including lunch
- Welcome Reception
- Cultural Event
- Conference Dinner

Included in the registration fee (accompanying persons):

- Welcome Reception
- Cultural Event
- Conference Dinner
